
When your computer breaks down, Beeline SoHo helps you recover – FAST!

We've all been there - smashing buttons, yelling at the screen, and ready to throw our computer out the window. It's not a pretty sight. You just want to get back to your work, your games or your online shopping but the damned thing's frozen again!!

Beeline SoHo rescues you from frustration and impatience

Take a breath, and give us a call. We will rush to your home or office and solve any computer issues that are beyond your scope or time. At Beeline SoHo we have a team of friendly, certified and professional staff with the expertise and experience to help small businesses and home customers get back on track.

Beeline's skilled services include:

- Consultations
- Virus elimination
- Computer cleaning
- Networking Workgroups and Server Assistance
- Wireless setup and Security (home & small office)
- Pre-played games and software
- Delivery and installation of **new** software/games
- Data Recovery

\$60/Hr at your location, \$50/hr drop off (if Craigslist is mentioned)
Software Delivery \$5. Call for Software quotes/availability

Save yourself the time and hassle. Give us a call today:
